

Laplands wild summer

Hike & Canoe Adventure with:

&

Canoe, Hike & Husky Adventure

10 Days into the the wild border area
between Finland, Russia and Norway.

Our journey starts and ends at the sustainable wilderness camp *Nomadic Naali*
close to Ivalo. You arrive here by train or plane on your own.

At the camp you will enjoy delicious & regional food, a unique free-range
huskypack experience as well as Hot-Tub wellness and traditional wood sauna.

The camp is only a few minutes by car from Ivalo but located on silent spot with a
private lake and is exclusively available to you during the tour.

You sleep in lovingly and ecologically furnished huts.

After the tour begins, you swap the soft beds for tents and wilderness huts
without electricity and running water. But with a lot of adventure and a direct
connection to nature. If you wish, your favorite husky will accompany you in your
canoe and during the hike.

Ready for your summer adventure on finlands wildest lake?

Program

Canoe & Hike expedition to the russian-norwegian border.

We spend a total of 7.5 days (+ 2.5 arrival and departure day) around the Inarijärvi and explore the wild and northernmost border area.

Including: your favorite husky, the complete full board of the tour (regional products & outdoor kitchen), as well as outdoor and canoeing equipment (sleeping mat, tent, cookware, survival stuff). We set up the camp together every evening and adjust our rhythm to the laws of nature. Wilderness Huts, tentsauna, making fire with natural materials, sleeping in a tent tipi & other outdoor highlights are waiting for you.

Arrival day: welcome dinner + Finnish sauna.

Canoe days: Depending on the weather conditions we drive between 12-20 km/ day
The first day is a combined hike (8km) and canoe (9km) trip. We will start directly from the camp and hiking until we reached the landing points for the boats. Every day we build our night camp, we do sleep in tents or wilderness cabins. In the morning there is a common breakfast, when it rains, tarps are set up and the tour catering is prepared. Then all thermos will be filled, the camp dismantled and the canoes loaded. Then we set off again.

The exact daily travel times by canoe depending on the weather conditions.

On the last day of canoeing we are changing to hiking mode. 3 Days of a hike trip to the norwegian-russian border in front of us. On the last hike day we will be picked up and carried back to the camp where a warm meal and refreshing showers are waiting for us.

The last day is completely up to you: either relaxing in the sauna or enjoying a husky team ride (depending on the temperature). As a highlight we will heat the hut-tub after these beautiful but exhausting outdoor days.

Participants: up to a maximum of 6 people

Duration: 10 days in total (2.5 days are arrival & departure, as well as camp programme)

During the tour

Accomodation:

We sleep in simple tents and wilderness cabins, sometimes we set up bivouacs (sleeping bag & mosquito net under a tarp). To warm up and for particularly rainy days we have a tipi tent with us, which can be heated with a wood stove. (We dont have acces to electricity or running water.)

All guests are provided with a summer sleeping bag and equipped with a reindeer skin (as a base). Upon need private inner sleeping bags can be brought along.

For the last 3 hiking days, we leave some of our equipment behind and just continue with the bare essentials. You will also Receive a recommendation for your private equipment.

Whether team teepee or in simple tents.

Depending on the weather conditions, we find for every guest the right form of sleep in nature (our four-legged friends are also ready as the perfect cuddle partner).

Note! Be aware that it will be light until late at night. Depending on the travel period, the sun does not set.

During the tour

Food:

Our canoes are filled with regional and sustainable provisions. We will cook with lake-water and collect dead wood to boil it. Depending on the season fish, self collected berries and mushrooms completing the menu. The main meal will be prepared in the evening on gas cooker or over open fire.

Breakfast consists of Finnish porridge with berries, homemade bread and spread. Our beverage bottles are filled with tea, coffee, water or homemade berry syrup. Lunch varies as soup in thermos flasks or cold packed lunches.

We are happy to offer purely vegan options or vegetarian dishes and be aware of allergies. Just let us know.

Personal hygiene:

Jump out of the canoe into the crystal clear lake water, wash yourself after the evening tent sauna under the midnight sun or secretly with the water bottle behind the next blueberry bush.

Whatever is the right thing for you:
there is only ecological shower and laundry detergent for our bodies and the outdoor dishes.
So we stay true to the principle on our journey: leave no trace.
During the trip we will stop at some dry toilets but you dont have acces to them every day.

Prices

Price per person for 2 people: = 520 Euro (normal: 920 €)
 for 4 people = 380 Euro (normal: 730 €)

This is a test price. As part of the group, you will try out this new canoe tour, including 2 guides. This means that unforeseen things can happen on the way, e.g. changing the route and adjusting the program at short notice. By booking this **trial tour**, you discover together with us, almost as a real adventure. So it is less touristic and your work-spirit is required to solve problems during the way. Because of this the price is adapted and **you pay less**. Travel and accident insurance is borne by the guests themselves. The terms and conditions for the trip are sent with all travel documents.
